## Drone Training Program

---

### Workshop on Drone Technology:

A hands-on Drone Training program organized by EKJUT JUT Ranchi was successfully conducted, highlighting its crucial role in modern education and skill development. To empower students from schools, Polytechnics, Engineering and M.Tech backgrounds with cutting-edge skills in drone technology. With the growing demand for drone technology in agriculture, surveillance, disaster management, everywhere from entertainment to the crucial role in wars.

By introducing students to drone assembly, programming and operation, the program bridged the gap between theoretical knowledge and practical application.

This initiative played a vital role in preparing students for future technological advancements and aligns with the national mission of Skill India and Atmanirbhar Bharat.

**Dr. Anita Sinha**  
Dy. CEO, EKJUT  
JUT, Ranchi

**Shri Sneh Kumar**  
Director curriculum Development,  
JUT, Ranchi
