Jharkhand rebuilt upon erstwhile part of Bihar just 20 years back. It is most rich state of the country in terms of natural resources! In spite of best efforts of successive governments, the pace of development could not bring about satisfactory progress in the life of tribal/rural populations. This conference will provide a platform for brainstorming to understand rural economy eco system of the state. This platform will provide opportunity to the persons and organizations already engaged in the upliftment of rural economy of the country.

## The conference will dwell upon the following topics:

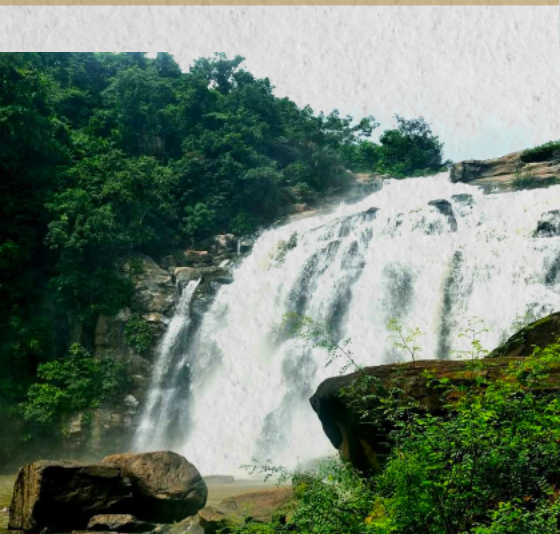

1. Innovative agriculture practices
2. Food processing energy from biomass
3. Solar energy
4. Handicrafts
5. Cottage industry
6. Traditional and natural healing practices
7. Traditional tribal knowledge: validation and commercialization
8. Rural women empowerment
9. Digital literacy
10. Sustainable model for rural development
11. Traditional Science/Technology practices

The event will be combinations of invited talk presentations and panel discussion

Jharkhand University of Technology, Ranchi has been established by the Jharkhand University of Technology ACT 2011 for promoting innovation and research in technical education in addition to catalyzing it's eco-system in the State. The University has started functioning from the session 2018-19 and it is presently coordinating academics and examinations of 72 institutions.

There is a plethora of scope for the improvement in the technical and professional education in the state and Jharkhand University of Technology, Ranchi is going to play a vital role in the development of not only the technical and professional education but also in the overall development of the whole state.

**About Ranchi:**

Ranchi is the capital of the Indian state of Jharkhand. During the time of British, the city was used to be the summer capital of Bihar. This is because of its climate during winter season. Ranchi is also one of the oldest cities in Jharkhand. Jagannath Temple and Ratu Palace are some prominent sites which have been the witness of history of Ranchi.

**How to Reach:**

By Air

The nearest domestic airport is Ranchi airport

By Rail

Ranchi Railway division has a total length of 842 km and railway routes merging the junction. So it plays an important transit point in East India.

By Road

Three important National Highways NH7(North-South), NH47 (Leading to West) and NH68 (Leading to East) intersect at Ranchi. Three major bus stands are ITI, KHADGHARA, GOVERNMENT BUS STAND which plays an important part in public movement from the city to any other places.

**Registration fee:**

Rs.5000/- per institutes for author with 2 companions. Rs.1000/- will be payable for each additional participant from the same institute.
