

Pooled Campus Placement Interviews (Only for GIRLS) in JUT, Ranchi on 23 September, 24 September, 2021 - Regarding

Dear Madam/Sir,

We are pleased to inform you that under the leadership of our Hon'ble Vice-Chancellor, Prof. P. K. Mishra, the Jharkhand University of Technology (JUT), in partnership with Tata Steel Foundation and Skill Sonics, have initiated a campaign for pooled campus placement interviews for the students of JUT affiliated colleges.

In the first phase, campus interviews would be held for Diploma students (ONLY GIRL CANDIDATES) from Mechanical/ Automobile and Electronics Engineering branches. The tests would be on 23 September (Mechanical/ Automobile Engineering) and 24 September, 2021 (Electronics Engineering) at JUT, Ranchi. In case, the number of candidates is very large and are not accommodated on 23 and 24 September, the test would be conducted on 25 September, 2021, as well.

The candidates need to appear in a one-hour objective type test on the indicated dates. Those candidates who qualify in the written test would be called for a technical test on a later date. The students who qualify the technical test would be required next to go through a technical training of 36 days duration. This training would be fully free, on completion of this training, the candidates would have to again appear for a final test. Those candidates who would pass this training will be hired by the Tata Electronics Pvt. Ltd (Refer to the poster on last page).

This is a golden opportunity for our girl students pursuing their Diploma courses. We request your kind selves to motivate the eligible girl students of your college to positively appear in the scheduled tests on 23 and 24 September, 2021. The necessary details in this regard are as follows:

ELIGIBILITY:

- ONLY FOR GIRL CANDIDATES
- The age as on test dates should not be more than 21 Yrs. and 6 Months.

Who can appear?

- ONLY students with no backlogs would be permitted (That is the students should have cleared all their papers).
