- **Development and revision of curriculum** for the polytechnics and colleges of the State of Jharkhand affiliated to the JUT.
- Development of an Incubation center and support for entrepreneurial and start-up activities, especially for technical students.
- Promotion of possible improvement of the Traditional Knowledge System through the evaluation of its scientific and engineering.
- Popularizing Value Education and Professional Ethics.
- Exchange of faculty members.
- Jointly organising conferences, seminars, workshops and faculty development programs.
- Development of technical books in Hindi and other Indian languages.

Agreed Strategies:

The parties will cooperate, map, and implement mutually beneficial activities and programs, which may include:

1. Organizing joint **seminars, workshops, symposia, and/or conferences** through different physical and online platforms in areas of technology and management.
2. Other **innovative educational and training** activities including teaching of theory and laboratory courses using digital and multimedia tools.

Agreed Parameters:

1. This document sets out an understanding that has been reached and as such is not intended to be legally enforceable.

(1)

2. Each party acknowledges that the other remains independent and that this understanding confers no rights unless by express agreement, and that each have both internal and external limits on the extent and nature of cooperation permitted between the parties.
3. The parties recognize that they are separate organizations and subject to different accountabilities and organizational guidelines.
4. This understanding will be valid for five years from the date of signing; the duration may be extended by the parties prior to that date or terminated through an appropriate action of both the parties.

In witness where off, the undersigned, being duly authorized by their respective organizations, sign this MoU on the date as above written.
